

Jadhav Rohit

NIT Silchar (ECE), Final Year

Software Engineer | Algorithms • Systems • Data

Email: jadhavrohir@gmail.com

GitHub: github.com/rohitjadhav8849

LinkedIn: linkedin.com/in/rohit-jadhav | +91-8849719025

SUMMARY

Software Engineer with a strong foundation in algorithms, software development, and analytical problem solving. Experienced in designing scalable applications using Python, C++, SQL, Node.js, and FastAPI, with hands-on exposure to distributed systems, computer architecture, and performance optimization. Passionate about solving complex real-world problems through technology, mathematics, and systematic thinking.

EDUCATION

National Institute of Technology, Silchar

B.Tech in Electronics and Communication Engineering | CGPA: 7.77

Assam, India

2023 – 2027

Jawahar Navodaya Vidyalaya, Bharuch

Class XII – 87.4% | Class X – 81.8%

Gujarat, India

2020 – 2022

CSRL Super 30

Competitive IIT-JEE Residential Program – Selected from across India

Delhi, India

2022 – 2023

INTERNSHIP

Research Intern – S.N. Bose Research Centre, NIT Silchar

Edge Computing | Computer Vision | Raspberry Pi 4 | TensorFlow Lite | Python

NIT Silchar

June 2026 – July 2026

- Developed a real-time edge computing pipeline for road anomaly detection on Raspberry Pi 4 using optimized deep learning models.
- Optimized inference using INT8 TensorFlow Lite quantization, reducing memory usage by 75% while achieving 2× faster execution.
- Improved deployment stability by debugging runtime compatibility issues and optimizing the end-to-end processing pipeline for sustained real-time performance.

PROJECTS

(1) SocietyPay – Distributed Society Management Platform

React Native | Node.js | MongoDB | Redis | Docker | AWS EC2 | FastAPI | Scikit-learn

[GitHub](#)

2025 – 2026

- Developed a scalable full-stack platform using React Native, Node.js, MongoDB, and FastAPI supporting secure society management workflows.
- Designed secure REST APIs with JWT authentication, role-based access control, bcrypt encryption, and API rate limiting.
- Improved application performance using Redis caching and BullMQ-based asynchronous job processing for notifications and payment workflows.
- Containerized services with Docker, deployed on AWS EC2 behind Nginx, and automated deployment using GitHub Actions CI/CD.
- Integrated machine learning microservices for complaint categorization and visitor anomaly detection using Python and Scikit-learn.
- Implemented secure Razorpay payment integration with automated verification and real-time transaction tracking.

(2) DevMind – Document Intelligence Platform

FastAPI | Python | Ollama | Sentence Transformers | RAG | Vector Database | Docker

[GitHub](#)

2026 – Present

- Developed a modular FastAPI backend for automated PDF parsing, preprocessing, and configurable document chunking.
- Built an efficient semantic search pipeline using Sentence Transformers and vector indexing for high-speed document retrieval.
- Integrated locally hosted language models through Ollama to provide context-aware document querying using Retrieval-Augmented Generation.

TECHNICAL SKILLS

- Languages:** C++, Python, JavaScript, TypeScript, SQL, HTML, CSS
- Backend:** Node.js, Express.js, FastAPI, REST APIs, JWT, RBAC, Redis, BullMQ, Nginx, Rate Limiting
- Frontend:** React Native, React, EJS
- Databases:** MongoDB, PostgreSQL, Redis, MongoDB Atlas, Mongoose
- Cloud & DevOps:** Docker, Kubernetes, AWS EC2, GitHub Actions, CI/CD, Prometheus, Grafana, Helm
- Tools:** Git, GitHub, Linux, Postman, VS Code **DSA:** 200+ LeetCode Problems

POSITIONS OF RESPONSIBILITY

Illuminits Society, NIT Silchar

Technical Head – Managed tech infrastructure, mentored juniors in full-stack development

NIT Silchar

2024 – Present

COUPLES CORNER / CAMPUS INITIATIVE

Campus Food Venture – Co-Founder

Incand Campus Fest

NIT Silchar

2025

- Co-founded a campus food venture, selling **130+ units** in 3–4 days for **Rs. 28,000+** in revenue, Managed pricing, inventory planning, customer interaction, and operational execution in a fast-paced environment.

ACHIEVEMENTS

- Selected for **CSRL Super 30** – national-level IIT-JEE residential program | Published blog on **Kubernetes + LLM deployment** at llm-deployment.hashnode.dev
- SOF Bronze Medalist – District Level | Company Sergeant Major (CSM), NCC NIT Silchar
